

CONTROVERSY OVER NAVIGATION BUREAU

Friends of Rear Admiral Nicholson Rally to His Support; Charge Will Be Delayed.

WASHINGTON, Dec. 6.—The controversy over the replacing of Rear Admiral Nicholson as chief of the bureau of navigation of the navy department by Commander Philip Andrew, naval aide to Secretary Meyer, which already had spread from naval circles to members of the house naval affairs committee, today was carried to the White house.

Rear Admiral Nicholson had served only two years of the usual four years term as chief of the bureau, an office heretofore always filled by an officer of the rank of rear admiral. According to Admiral Nicholson's friends, he was practically deposed from the bureau and they have rallied to his support. Representative Foss of Illinois, ranking Republican member of the naval affairs committee, and Representative Dabell of Pennsylvania, and Representative Weeks of Massachusetts called on the president and laid the case before him.

Shortly after the congressional delegation called the president summoned Secretary Meyer.

"That bureau needed reorganization," explained the secretary, "and I intend to have it reorganized."

Mr. Meyer admitted the charge might be delayed until the controversy blew over.

Orozco in Chihuahua

CHIHUAHUA, Mexico, Dec. 6.—General Pascual Orozco, former chief of Francisco I. Madero, concerning whose movements there have been many conflicting reports, appeared on the streets here about noon today. He declined to comment on the report, current here earlier in the day, that he had gone to the mountains with armed men or to throw any light on his movements.

ECHO OF FAILURE IN THE EARLY '70S

Aged Negroes Expected to Receive Money Lost in Collapse of Freedman's Bank.

WASHINGTON, Dec. 6.—Many aged negro men and women gathered in the rotunda of the capitol today, each tight by gripping a musty bank note by which they expected to gain restitution of losses incurred in the collapse of the Freedman's bank here in the early '70s.

"Where do we get the money?" they eagerly asked.

"What money?" replied a capitol policeman.

"The Freedman's bank claims. This is the day we are to get all the money back—between 10 and 2 o'clock, in the rotunda."

The excitement was due to a misunderstanding in church announcements. Negro ministers in church last Sunday advised their congregations that a committee had been appointed to see Speaker Clark today to urge further legislation for the relief of the survivors of thousands of negroes who lost their savings in the collapse of the bank which was started just after the war. The committee later saw the speaker.

The bank, with branches at Baltimore, New Orleans, Jacksonville and other southern cities, had more than 10,000 depositors when a board of commissioners took over its affairs in July, 1874. The liabilities were more than \$2,500,000. The assets of the bank were in a badly tangled condition, and congress provided for the liquidation of all its funds by the treasury department.

Uniform Is Barred.

LEAVENWORTH, Kan., Dec. 6.—Corporal Van McCune, troop G, Fifteenth cavalry, who declares he was ejected from a Leavenworth dance hall last Saturday night because he was in uniform, threatens to institute suit against the managers of the dance hall to recover damages for his alleged humiliation. The manager contends that it is against the rules to permit soldiers to dance in their place in uniform and that the rule was explained to Corporal McCune.

CHICAGO PACKERS PLACED ON TRIAL

Indications That Attorneys for Indicted Men Will Not Attempt Further Delay.

CHICAGO, Dec. 6.—After eight years' travel in the ways of grand juries and special pleas, the cases of ten Chicago meat packers, indicted for alleged violation of the criminal provisions of the Sherman anti-trust law, reached trial today. Indications were that the early stages of the trial, at least, would be rapid, for the government's examination of the first panel of jurymen was terse.

By agreement, each side was entitled to thirty peremptory challenges, and by night the government had exercised ten. None of the veniremen had been questioned by the defense. Questions of Attorney Sheehan, for the government, indicated that the acceptability of a juror hinged chiefly on his willingness to accept as part of the government's function to regulate affairs of private business.

All the defendants were in court immediately after the case was called. Personal pleas of not guilty were entered and the defense of vendue began.

Richmond Dean, general manager of the Pullman company, a fellow club member of the defendant, who was passed the morning session, was challenged by the government in the afternoon. In spite of his assertion that his friendship with the defendant would not prevent his rendering an impartial verdict.

Robert Grant, an official of the National Hinge company, was challenged when he said he would have conscientious scruples against enforcing a penalty for violation of the Sherman law.

Other veniremen who expressed doubt of the propriety of the government exercising its right of vendue conduct peremptorily were challenged.

Attorneys here are of the opinion that the trial will proceed without further attempts of counsel for the packers to cause delay.

The twelve jurymen who had been passed by the government were ordered locked up tonight, and the rest of the venire were ordered in court tomorrow. No one will be questioned in the defense until at least four have been finally accepted by the government.

ROCKEFELLER GIVEN CHANCE TO BE HEARD

WASHINGTON, Dec. 6.—John D. Rockefeller and Fred D. Gates, manager of the Rockefeller and Gates steel trust, were given a chance to be heard by Chairman Stanley of the house steel trust investigating committee to appear before the committee next Monday, if they care to do so, to reply to charges made by the Merritt brothers of Minnesota, concerning the \$100,000,000 Mesa ore project in the state of Colorado.

The committee investigating violations of the anti-trust act of 1890 and other acts will resume its hearings on Monday, December 11, at 10:30 a. m. If you care to appear, please call on the committee to secure a subpoena.

Representative Francis of Ohio introduced a resolution today directing the steel investigating committee to continue its inquiry in the state of Colorado, in the state or federal court, to enforce the criminal sections of the Sherman anti-trust law.

The resolution, referred to the rules committee, directs the committee to tabulate evidence against each individual who may be found guilty of violating the law and to file statements with the attorney general and district attorneys in whatever district offenders may reside, requesting that proper action be taken in each case.

ASQUITH WILL PUSH THE HOME RULE BILL

LONDON, Dec. 6.—Premier Asquith announced in the house of commons today that the government would use all the constitutional means at its disposal to pass a home rule bill for Ireland during the lifetime of the present parliament. He declared this in reply to a question from William O'Brien, member for Cork city, who expressed concern at a recent report that Mr. Asquith was trying to get the house of lords to throw out the home rule bill when it reaches the upper house.

The premier by his announcement means that he undertakes to force the home rule bill through three successive sessions if necessary, thus making it become effective in spite of the opposition of the peers.

Restored to Entry.

WASHINGTON, Dec. 6.—Nearly 2,500,000 acres of land in Idaho withdrawn from entry about a year ago for coal land classification purposes, was returned today by order of President Taft on the recommendation of Secretary of Interior Fisher.

Careful field examinations revealed the fact that the land was "without coal value." The land restored is along the Snake river.

Steamer Ashore.

KINGSTON, Jamaica, Dec. 6.—The steamer Marandio is ashore at Cat island, one of the Bahamas. She was involved in collision with machinery for the canal. The Marandio is lying in an exposed position, and is likely to be a total wreck.

Possibly there is a mistake in the name of the steamer, as no such vessel is listed in the maritime registers or other records.

River Steamer Sinks.

THEREH, Ill., Dec. 6.—The large steamboat City of Savannah, en route from Cairo to St. Louis, struck a snag in the Mississippi river, ten miles below Thebes, late yesterday and sank in twelve feet of water. Passengers and crew were taken off safely.

SECRETARY OF WAR IS CHIEF SPEAKER

Eighth Annual Session of the National Rivers and Harbors Congress.

WASHINGTON, Dec. 6.—The early completion of the Panama canal and its probable effect on transportation in the United States featured the addresses of nearly every speaker at the eighth annual session of the National Rivers and Harbors congress here today.

Secretary of War Taft welcomed the delegates and spoke on the relation of the canal to foreign trade. In the afternoon President Taft received the members of the Atlantic Deepwater Waterways association, who are delegates to the congress.

Every section of the country was represented in the 1000 delegates in attendance, and every section had an advocate among the speakers who pleaded for unity in the effort to improve upon the need for navigable waterways.

Representative Randall of Louisiana, president of the organization, in his annual report said he had received the promise of Democratic leaders that the house would take up a waterways bill early in the session.

Representative Sparkman of Florida said that by 1925 the government will have expended more than \$100,000,000 for waterway improvements. He declared that the unsystematic granting of water-power sites had done much to curtail the work of channel improvement in rivers.

Joseph N. Peat of Portland, Ore., spoke on the importance of the Panama canal on the lumber trade.

Speakers on the programme for tomorrow include: Secretary of War, Mr. Fisher; Senator, Louis of Washington; General Bixby, chief army engineer, and August Belmont of New York.

FIVE KILLED IN WRECK ON THE PENNSYLVANIA

PITTSBURGH, Pa., Dec. 6.—Five trainmen were killed and a score injured, a number of them seriously, shortly before 8 o'clock this morning in a wreck of two freights and an express train on the Pennsylvania railroad at Devils Bend, one-half mile east of Manor, Pa.

The wreck was due to the stalling of an extra westbound freight. A second extra freight, which followed, ran into the rear of the first. The impact threw both trains from the tracks.

Before flagmen could give a warning the fast Chicago train, No. 17, carrying nothing but express, rushed along the westbound passenger track into the wreckage of the freights. The express train was thrown from the rails and went over a twenty-foot embankment.

WASHINGTON, Dec. 6.—Senator Lorimer, in his defense before the senate committee investigating his election by introducing witnesses to refute the testimony of Charles A. White, a former member of the Illinois legislature, who made a so-called confession of accepting a bribe.

William H. Sturmer, clerk in the Briggs house in Chicago, and Fred Zentner, a salesman, testified to an alleged conversation with White in August, 1906, from which they said both drew the inference that White intended to extort money from Lorimer or one of his lieutenants.

BANKERS RUN INTO BIG STORM ON GULF

NEW ORLEANS, Dec. 6.—Although the "bankers' fleet," which is returning to New Orleans from Panama with about 100 American bankers and their families aboard, encountered a storm in the gulf of Mexico yesterday, the ships were not damaged.

Wireless communication with the fleet was not interrupted today.

This message was received from the steamship fleet of the fleet, at 10:30 o'clock this morning:

"The bankers' fleet is experiencing a rough sea today. Strong east winds but a moderate sea."
